## **SMALL INDUSTRIES SERVICE INSTITUTE, NAGPUR.**

Small Enterprises Network (SENET) established in 1997 under Small Industries Development Organisation , Govt. of India. All SISIs under SIDO constituted SENET team called Nodal Agency . The nerve centre of all SENET of SISIs are well connected with DC,SSI, New Delhi which is member of INSME, Italy.

SENET, Nagpur is well equipped with high configuration of computers , Server and suitably synchronized LANNING is under consideration. Centralization and miniaturization of even different official activities apart from SENET can be easily accessed from different installed computers through server of SENET, after proposed lanning. Hence, our entire network will move one step ahead towards office atomization and ensure better output to facilitate needy entrepreneurs. Apart from its activities, SENET of this Institute also create some visitor's data base, office expenditure details etc. It will also contemplating to envisage yellow pages, SCX data proforma, file movement system, Project Profiles, technical reports, Directory etc.

Considering the huge utility of server of SENET it can be further accordingly devised to use like routing, remote excess servicing, Central Storage device by sharing to access Internet.

Lot of different technical trainings in IT base and marketing base are being conducted. SENET division also hosted a Website i.e. <http://www.sisinagpur.nic.in> wherein entire activities can be assessed and down loaded, even online details of forms can be submitted through interactive installed software. Time to time, our sites are being updated so that entrepreneurs can get modern technology and consultancy through our SENET division.
